The Temples were threatened by submersion in the Lake Nasser, due to the construction of the High Dam. During the salvage operation which continued until 1968, the two temples were dismantled and raised over 60 meters up on the sandstone cliff where they had been built more than 3,000 years before. The alignment of the temple is such that twice a year the sun's rays reach into the innermost sanctuary to illuminate the statues of Ptah, Amun - Re, Ramesses II and Re- Horakhy. Next, we visit the famous Temple of Kom Ombo. Overlooking the Nile, this unique temple is in fact the fusion of two temples, set side by side, with each side having its own gateways and chapels. The left side of the temple is dedicated

to Haroeris, the falcon headed God. The right part of the temple is dedicated to Sobek, the crocodile headed God and God of Fertility. Return to the cruise for lunch as we sail onwards to Edfu. Overnight on board the Nile Cruise. (Breakfast, Lunch, Dinner)
